Company Profile

Verenium Corporation (Nasdaq: VRNM) is a pioneer in the development and commercialization of high-performance enzymes for use in industrial processes. Verenium currently sells enzymes developed using its R&D capabilities to industrial customers globally for use in markets including animal health and nutrition, grain processing, biofuels and other specialty industrial processes. Verenium has built a world-class R&D organization renowned for its capabilities in the rapid screening, identification, evolution and bioengineering of novel enzymes that act as catalysts for biochemical reactions. The company harnesses the power of nature and uses its unique, patented technology to create products that transform industries by maximizing efficiency while improving environmental performance.
