Company Profile

BTU International is a market-leading, global supplier of advanced thermal processing equipment to the alternative energy and electronics manufacturing markets. BTU equipment is used in solar cell, nuclear fuel and fuel cell manufacturing as well as in the production of printed circuit board assemblies and semiconductor packaging. BTU has operations in North Billerica, Massachusetts and Shanghai, China with direct sales and service in the U.S.A., Asia and Europe.

With today's intense focus on reducing the world's reliance on carbon-based fuel sources by moving to alternative energy technologies, we bring you an opportunity to invest in a company that provides a range of production equipment to the solar, nuclear and fuel cell industries. Our thermal processing equipment is helping alternative energy providers reduce their cost per watt, making these "green" technologies more competitive.
