Company Profile

Patent litigation used to be a form of legal redress. Today it is a business model. A multi-billion dollar industry has emerged based on litigating intellectual property rights for financial gain. Patents are the assets in this new business model. And operating companies are the revenue source.

As a leading provider of patent risk solutions, RPX helps corporations manage their exposure to patent litigation. We have redefined the intellectual property landscape by creating a rational alternative to traditional litigation strategy for our clients, offering defensive buying, acquisitio... (more)
