Company Profile

SMART introduced the world's first interactive whiteboard in 1991 and remains the global product category leader, providing easy-to-use, integrated products and services that improve the way the world works and learns. For more than 20 years, innovation and commitment to excellence have been at the core of our business. We help educators achieve better results with technology products that support student-centered learning. We help businesses become more productive with easy-to-use collaboration solutions that enable better results. Our success is driven by a deep commitment to and engagement with both the education and business communities.... (more)
