Company Profile

DTS, Inc. (Nasdaq:DTSI) is a premier audio solutions provider for high-definition entertainment experiences—anytime, anywhere, on any device. DTS' audio solutions enable delivery and playback of clear, compelling high-definition audio which is incorporated by hundreds of licensee customers around the world, into billions of consumer electronic devices. From a renowned legacy as a pioneer in high definition multi-channel audio, DTS became a mandatory audio format in the Blu-ray Disc standard and is now increasingly deployed in enabling digital delivery of compelling movies, music, games and other forms of digital entertainment to a growing array of network-connected consumer devices. DTS technology is in automotive audio systems, digital media players, DVD players, game consoles, home theaters, PCs, set-top boxes, smartphones, surround music content and every device capable of playing Blu-ray discs. Founded in 1993, DTS' corporate headquarters is located in Calabasas, California with its licensing operations headquartered in Limerick, Ireland. DTS also has offices in Los Gatos and Santa Ana, California, Washington, China, France, Hong Kong, Japan, Singapore, South Korea, Taiwan and the United Kingdom.
