Company Profile

TomTom created the easy-to-use navigation device, one of the most influential inventions of all time. Since then, we have grown from a start-up, into a global technology company.

Our software and navigation technologies power over hundreds of millions of applications across the globe. This includes industry-leading location-based products and mapmaking technologies, embedded automotive navigation solutions; innovative personal navigation devices and apps, and advanced telematics fleet management and connected car services.

We continue to shape the future, leading th... [\(more\)](#)
