## Company Profile

Harvard Bioscience is a global developer, manufacturer and marketer of a broad range of specialized products, primarily apparatus and scientific instruments used to advance life science research and regenerative medicine at pharmaceutical and biotechnology companies, universities and government laboratories worldwide. We sell our products to thousands of researchers in over 100 countries through our full-line catalog (and various other specialty catalogs), our websites, and through distributors, including GE Healthcare, Thermo Fisher Scientific Inc., and VWR. We have sales and manufactur... [\(more\)](#)
