

real estate information and analytical tools designed to facilitate debt and equity transactions as well as ongoing asset and portfolio evaluations. Depending on the product or level of entitlement, users have access to market trends and forecasts at metropolitan and neighborhood levels throughout the U.S. and/or detailed building-specific information such as rents, vacancy rates, lease terms, property sales, new construction listings and property valuation estimates. Reis's products are designed to meet the demand for timely and accurate information to support the decision-making of property owners, developers, builders, banks and non-bank lenders, equity investors and service providers. These real estate professionals require access to timely information on both the performance and pricing of assets, including detailed data on market transactions, supply, absorption, rents and sale prices. This information is critical to all aspects of valuing assets and financing their acquisition, development and construction.
