## Company Profile

Global Power is a leading provider of power generation equipment and industrial maintenance services. Our customers are predominantly utilities, power generation OEMs, other power generators and major international energy companies. We offer a comprehensive array of equipment and services and have long-standing relationships with premier customers in the market segments we serve. We sell our products throughout the globe, including North America, Europe, the Middle East, South America, Asia and North Africa. Global Power is well positioned for future growth as a result of the growing popularity of natural gas and nuclear as the energy sources for electricity generation, coupled with the aging infrastructure of existing nuclear plants and related need for nuclear plant maintenance services.
