## Company Profile

DTS, Inc. (Nasdaq:DTSI) is a premier audio solutions provider for high-definition entertainment experiences—anytime, anywhere, on any device. DTS exists to make the world sound better. DTS' audio solutions are designed to enable recording, delivery and playback of simple, personalized, and immersive high-definition audio, and are incorporated by hundreds of licensee customers around the world into an array of consumer electronics devices. From a renowned legacy as a pioneer in high definition multi-channel audio, DTS became a mandatory audio format in the Blu-ray Disc™ standard and is now increasingly deployed in enabling digital delivery of compelling movies, music, games and other forms of digital entertainment to a growing array of network-connected consumer devices. DTS technology is in televisions, personal computers, smartphones, tablets, digital media players, video game consoles, Blu-ray Disc players, audio/video receivers, soundbars, DVD based products, automotive audio systems, set-top-boxes, and home theater systems. Founded in 1993, DTS' corporate headquarters are located in Calabasas, California. DTS also has offices in Los Gatos and Santa Ana, California, Washington, China, France, Hong Kong,
