Company Profile

Ubiquiti Networks, Inc. currently focuses on 3 main technologies: hi-capacity distributed Internet access, unified information technology, and next-gen consumer electronics for home and personal use. The majority of the company's resources consist of entrepreneurial and de-centralized R&D teams. Ubiquiti does not employ a traditional salesforce, but instead drives brand awareness largely through the company's user community where customers can interface directly with R&D, marketing, and support. With over 70 million devices shipped in over 200 ... [\(more\)](#)
