Company Profile

Prothena Corporation plc (Nasdaq: PRTA) is a global, late-stage clinical biotechnology company establishing fully integrated research, development and commercial capabilities and focused on advancing new therapies in the neuroscience and orphan categories. Fueled by a deep scientific understanding built over decades of research in protein misfolding, we seek to fundamentally change the course of grave or currently untreatable diseases associated with this biology. Our pipeline of antibody therapeutic candidates targets a number of indications including AL amyloidosis (NEOD001), Parkinson... [\(more\)](#)
