Company Profile

Alnvlam is a biopharmaceutical company developing novel therapeutics based on RNA interference, or RNAi. The company is leading the translation of RNAi as a new class of innovative medicines with a core focus on RNAi therapeutics in three strategic therapeutic areas (STArs): genetic medicines, cardiometabolic diseases, and hepatic infectious diseases. RNAi therapeutics represent a powerful, clinically validated approach for the treatment of a wide range of debilitating diseases. These novel therapeutics carry the potential to transform the lives of patients who have limited or inadequate treatment options. Founded in 2002, Alnylam is delivering on a bold vision to turn scientific possibility into a reality, with a robust discovery platform and deep pipeline of investigational medicines, including three product candidates that are i ...
