Company Profile

QIWI is a leading provider of next generation payment services in Russia and the CIS. It has an integrated proprietary network that enables payment services across physical, online and mobile channels. It has deployed over 18.5 million virtual wallets, over 155,000 kiosks and terminals, and enabled merchants to accept over RUB 72 billion cash and electronic payments monthly from over 51 million consumers using its network at least once a month. QIWI's consumers can use cash, stored value and other electronic payment methods to order and pay for goods and services across physical or online environments interchangeably.
