Company Profile

Genocea aims to transform vaccine discovery and development to improve millions of lives. We use ATLAS™, our proprietary technology platform that rapidly identifies T cell antigens associated with protective immune responses in humans exposed to a pathogen. We have a pipeline of novel vaccine candidates that stimulate the T cell arm of the immune system, which is increasingly recognized as critical to generating protective immunity against a wide array of diseases. Genocea's pipeline includes clinical programs addressing genital herpes and pneumococcus and research efforts in... [\(more\)](#)
