Company Profile

Achaogen is a late-stage biopharmaceutical company passionately committed to the discovery, development, and commercialization of innovative antibacterial treatments against multi-drug resistant (MDR), gram-negative infections. We are developing plazomicin, our lead product candidate, for the treatment of serious bacterial infections, including complicated urinary tract infections (cUTI), bloodstream infections and other infections due to MDR Enterobacteriaceae, including carbapenem-resistant Enterobacteriaceae (CRE). In 2013, the Centers for Disease Control and Prevention identified CRE... [\(more\)](#)
