Company Profile

Versartis, Inc. (NASDAQ: VSAR) is an endocrine-focused biopharmaceutical company that is developing somavaratan (VRS-317), a novel, long-acting form of recombinant human growth hormone to treat growth hormone deficiency (GHD) in children and adults.

Somavaratan is intended to reduce the injection burden of daily therapy and improve therapeutic outcomes through enhanced adherence and convenience with twice-monthly dosing, a fine gauge needle autoinjector device and room temperature storage.

Versartis is currently evaluating somavaratan for the treatment of pediatric ... [\(more\)](#)
